

Lower Eight MLC 3

COMMUNITY ENGAGEMENT

APPROACH USED

- Collection of data
- Reviewed data as a team
- Identified target
- Developed questions

Community Questions

- When you hear the term obese what does it bring to mind?
- As a coach, describe what changes you are seeing related to obesity
- What changes are you seeing in physical performance of the students?
- If you were on a committee to look at obesity, what would you want to be sure was included?
- What do see the main areas of concern are related to obesity?
- Anything else you want us to know?

COMMUNITY ENGAGEMENT

- Responses brought to meeting
- Each county presented their responses

Quality Improvement Tools

- Brainstorming
- Affinity
- Radar

WHAT WORKED WELL

- Data
- Development of questions
- Good team work

OBSERVER

- Group made good use of time
- Everyone participated
- Cohesive group

WHAT DIDN'T WORK WELL

- Data
- Determining which QI tool to use

WHAT WAS DISCOVERED

To be successful at reducing obesity, it will be necessary to involve the entire region!

- Parents
- School Districts
- Businesses
- Day Cares
- Medical Community (including dental)
