

## KALHD Mid-Year Meeting

Tuesday, June 16, 2010

### Affinity Diagram

#### Staff Training

- Training of true front-line staff – non-degreed (ie. Customer service)
- New LHD Staff curriculum – to make sure they get all the training they need
- Provide QI tool training regularly for new employees coming into the system
- Speakers need to eliminate acronyms – ALL need to understand (what/who/where) you are talking about
- Training on program evaluation techniques
- Get out information about Survive & Thrive

#### KALHD

- Make financial reports generated by Dennis & Edie available to all – regional and local
- Location to post meeting minutes from each region. Ability easily share what is being discussed in other parts of the state
- Identification of functions that can be addressed at regional level across the state – how to fund?? (better defined)
- Make all KALHD meetings available via webinar / conference call

#### Family Planning

- How to collect monies owed on sliding fee
- Family Planning – Dump Title X and do on our own
- Family Planning – how to do it individually or regionally
- Family Planning – make it a financially working program. Through the Title X or stand alone.
- Family Planning – legal issues of dropping Title X. RN dispensing RX drugs
- Family Planning – Title X rules and Regs

#### Funding

- Mixing and Matching silo funding to get the best “bank for the buck”
- Issues with private pay for services
- Federal funding challenges, opportunities for FY 2011 and beyond
- County budget cuts affecting State formula \$\$\$s
- Issues with missed appointments – takes staff time
- Can KALHD advocate with insurance commissioner to increase our (LHD) acceptance as providers by private insurers?

- Budget Guidance
- Can KALHD initiate talks with CKDHE (a la BT) regarding support for CCLR funding?
- State Formula – fund requirements don't fit in economic times
- Financial indicators for LHDs – way to measure program effectiveness
- Affidavits for regional groups need to take in accounts that benefits vary by county

#### CHA & Accreditation

- Community health assessment guidance (template to follow)
- Information on Hospital community health assessment and how that correlates with the CHA that we are going to have to do
- More information on what is actually expected from LHD's for accreditation
- Funding for accreditation – where do we find it?

#### Reports ie. Grant

- Matching of grant data sets (i.e. age groups consistent parameters)
- WEB MCH Report – report request
- Required training for grant program – local input
- Simple accounting for tracking grants

#### IT

- Restructuring MCH-Healthy Start Home Visitor program related to home visits – clientele not in own home, don't want visits, boyfriend does not want visit, etc.
- Utilization of WebEOC for PHE activities – seems to have fallen by the wayside (Shawnee)
- KIPHS & WebIZ & MCH made into one program
- WebMCH reports match grant report request ie. Medical home
- Help calculating accurate adolescent immunization rates
- PH Clinic scheduling by provider

#### Misc

- Reinstate annual Kan Be Healthy physicals requirement for obtaining/enrolling in Healthwave
- Volunteer malpractice liability coverage (similar to umbrella liability Red Cross volunteers covered under) for example MRC
- Support from KDHE staff on controversial issues within a program – across the board
- What should be the LHD stance on requests (from D of Ag) to inspect motels/hotels? (KALHD lead discussion)

#### Billing & Fees Standardization

- Billing Standardization
- Standardizing medical director fees

- Expand Medicare reimbursements to include LHD for more than flu & pneumonia shots (rural communities are older)

#### KS Train

- Simplify Train
- Support KS Train as documentation of workforce development
- Training documentation tool – eg. Work to improve KS-Train
- KS Train – Perhaps help w/setting up template for workforce development plan
- Bring KALHD training into KS-Train records
- Bring FP training into KS-Train records
