

## **Assistant Director Report Mid-Year Meeting – June 2022**

### **KIP Project Updates**

- **Monthly Newsletter**

The weekly immunizations newsletter transitioned to a monthly newsletter in May. KALHD is using MailChimp for the newsletter. If you have anything you would like to add to the newsletter, please let Shelby know.

- **Vaccine Resource Google Drive**

KALHD is adding a new google drive (similar to the COVID-19 webinar archive) for vaccine resources. It will include everything currently on the website, but will have downloadable pdfs. More information to come soon.

- **Immunization Provider Survey**

KALHD is working with other KIP partners to find out more information about your relationships to other immunization providers in your area. If you have not already participated in the survey, we encourage you to do so. We will be working with the other groups on reviewing survey results and providing better programming.

Link to survey: <https://www.surveymonkey.com/r/ksimmunizations>

- **HPV Vaccination Promotion Sub Grant**

Staff is working with Riley, Sherman, Clay, and Russell counties on developing HPV vaccine promotion campaigns. Since this sub grant is funded through the pediatric academy, I anticipate there will be more opportunities in the future.

### **Other Projects**

- **RN/LPN/Clinical Staff Scope of Practice Document**

Working with KDHE and health departments on developing a scope of practice document for LHDs to use when hiring different types of clinical staff. It should be finished by the end of summer 2022.

### **Upcoming Events & Campaigns**

**August 25** – Kansas Chapter of Academy of Pediatrics Vaccine Hesitancy Webinar with Dr. Todd Wolynn (co-sponsored with KALHD)

**August (coming soon)** – Kansas collegiate influenza campaign
