KALHD
**KANSAS ASSOCIATION OF LOCAL HEALTH DEPARTMENTS**

2022 Midyear Meeting
Final Report

Public Health

Last revised July 12, 2022

Attendee Demographics

Mid-Year Meeting (MYM) occurred June 27-29, 2022 (June 27th was Data Day, a pre-conference event held at no cost to attendees with expenses refunded by Wichita State University).

Attendee Highlights:
- 113 people registered to attend at least one day, including Data Day (including presenters)
  - 83 from LHDs
    - 56 different departments
  - 16 from KDHE
  - 6 from WSU
- Not including Data Day-only attendees, we had **98 registered** for at least one day of the main 2022 MYM
- Data Day (June 27, 2022)
  - 85 registered
  - 62 attendees signed in
- Day 1 (June 28, 2022)
  - 96 registered
  - 91 attendees signed in
- Day 2 (June 29, 2022)
  - 88 registered
  - 81 attendees signed in
- 52 attendees requested and received CNE certificates

Prior Years
- 67 people registered to attend the 2021 Mid-Year Meeting
- 42 people registered to attend the 2019 Mid-Year Meeting
- 67 people registered to attend the 2018 Mid-Year Meeting

Income/Expense Summary

Income	
Description	**Amount**
MYM Sponsorships	$2,059.61
Data Day Reimbursement	*$3,500.00*
Pending Registrations	*$1,465.00*
Registration (KIP Grant Covered)	*$11,815.00*
Registrations (Check/ACH)	$790.00
Registration (PayPal)*	$440.06
Total Income	**$20,069.67**

Expenses	
Description	**Amount**
Space Rental	$0.00
Space Set-Up	$0.00
A/V Rental	$0.00
Data Day Food/Beverage	$3,058.65
Day 1 Food/Beverage	$5,600.60
Day 2 Food/Beverage	$4,364.76
CNE Registration	$100.00
CNE Documentation (mailing)	$2.56
Staff Meals	$29.24
Staff Lodging	$682.92
Staff Travel	$419.36
Total Expenses	**$14,258.09**

MYM Profit   **$5,811.58**

Italics = pending
*PayPal income has fees/refund costs deducted from the total
Expenses do not include staff time, basic consumables (e.g., name badges and folders), or costs for any purchased, reusable equipment (e.g., cables, projectors, etc.).

Prior Years
- 2021: Profit: **$1,371.36**
- 2020: None (virtual event)
- 2019: Loss: **$525.47**
- 2018: Loss: **$2,772.16**
- 2017: Loss: **$6,855.05**

Post-Event Evaluations

The following pages are the SurveyMonkey summary results of the post-event evaluations for the 2022 KALHD MYM. Some highlights (note: SurveyMonkey data includes Data Day but these highlights will not as that event was planned by WSU rather than KALHD):

Workshop popularity (this is the average of **Strongly Agree + Agree** in four standardized survey areas: 1) This topic is relevant to my organization's current interests/needs; 2) The information presented was well organized, informative, and beneficial; 3) I will use the information presented to inform future decision-making; and 4) The presenter(s) was knowledgeable and engaging). From most popular to least (avg. % of Strongly Agree + Agree listed):
1) How to Complete a PHEP Quarterly Progress Report in KGMS (99.48%)
2) Strategies for Community Engagement (99.02%)
3) Are Their Perceptions Your Reality? What County Commissioners Think About Public Health (98.08%)
4) Kansas Mental Health Transformation: Advancing Integrated Care Through Certified Community Behavioral Health Clinics (97.12%)
5) 2022 State Formula Survey Results (96.94%)
6) A Deep Dive into the Kindergarten Vaccine Coverage Survey (90.69%)
7) What is a QI Mindset & P-D-S-A in Action (84.94%)

Other highlights:
- Most popular meal: The Day 2 hot breakfast buffet (this was the one with bacon and cinnamon rolls): average 4.17 out of 5 stars
- Least popular meal: The Day 1 snack (this was the hummus with pita bread): average 3.46 out of 5 stars
- 100% of respondents strongly agreed or agreed that "overall, I was satisfied with the 2022 KALHD MYM"
- 98.08% of respondents strongly agreed or agreed that "the mix of topics presented was appropriate and relevant"
- 98.08% of respondents strongly agreed or agreed that "based on my overall experience with the MYM I plan to attend next year"
- 100% of respondents strongly agreed or agreed that "I would recommend MYM attendance to others"
- 80.77% of respondents strongly agreed or agreed that "The meeting space was comfortable and adequate to meet the needs of attendees"
- 97.67% of respondents strongly agreed or agreed that "The Holiday Inn Salina lodgings were comfortable and adequate to meet the needs of attendees" (note: this question was tagged to be answered only by those who stayed overnight at the host hotel)

Answered: 16   Skipped: 38

#	RESPONSES	DATE
1	I did not partake of snack, soup was good due to cold room temp. Data Day content was useful and applicable. I appreciated the Keynote and that framed the day well.	7/7/2022 4:26 PM
2	It was great	7/1/2022 11:27 AM
3	to long of a day, needed a "fun" activity instead of listening all day long .	7/1/2022 9:37 AM
4	Room was chilly, but that's better than being hot!	6/30/2022 2:45 PM
5	I liked the activity, I would of loved to have the ability to make another one of the Fact Sheets.	6/30/2022 2:29 PM
6	I arrived too late for breakfast, so I left that blank. For the lunch, they ran low on soup, and what was left was cold and mostly broth.	6/30/2022 2:28 PM
7	the workshop was a little long, no soup left by the time I made it through the lunch line	6/30/2022 12:24 PM
8	i really liked the activity of putting the story together and presenting what we worked on. It was great to hear what the other people at the table had to bring to the activities and see what they were struggling with in their communities.	6/30/2022 12:03 PM
9	This was a good day and very engaging.	6/30/2022 11:39 AM
10	Need dessert; specifically, chocolate.	6/30/2022 11:37 AM
11	As far as the food it was not hot and never on time.	6/30/2022 11:28 AM
12	none	6/30/2022 10:41 AM
13	Although there seemed to be a lag in the food service delivery (ie sometimes not all of the menu items available all at once which is not a big deal to me) the man Jamen? who worked mostly by himself was polite, respectful, responsive and worked hard to accomplish the food service part. The meals were good and I loved that you had a salad option and other healthy options with all of the meals.	6/30/2022 10:29 AM
14	Thank you for all of the efforts made in organizing this meeting.	6/30/2022 10:17 AM
15	I really enjoyed it. Screen was hard to see at times. I'm glad that slides were sent out.	6/30/2022 10:00 AM
16	The morning was rough during this session. I felt like some material was over my head as a new administrator. However, when things came together in the afternoon it made sense.	6/30/2022 7:58 AM

Q20 Please place any general Day 1 thoughts/comments here

Answered: 18   Skipped: 36

#	RESPONSES	DATE
1	County Commission presentation was tedious listening to presenter reading ALL the comments from the Survey Monkey results. Some basic, common responses with a few unique ones thrown in for comments would have helped this process. The Certified Comm. BH Clinics was interesting once past all the history and law-making portion. We needed the meat of it- what it means for LHD, what could we do to encourage the partnerships, etc., but it came at end and interest waned to listen anymore. PHEP KGMS reporting was not ready, so we reviewed the workplan and dates (good to review dates), but we'll be doing that on July 13 at the mandatory PHEP meeting. Not a good use of time for PHEP.	7/7/2022 4:52 PM
2	It seemed like the food ran out rather quickly...especially the coffee.	7/1/2022 5:04 PM
3	better day, more interesting	7/1/2022 9:49 AM
4	If ahead of schedule, keep on with the schedule, do not wait for the scheduled time to start. This will leave more room for communication at the end of the day or possibly more time for a questions on "hot topics".	6/30/2022 2:52 PM
5	While not Bruce's fault, the low response rate on the county commissioner survey is a major limitation (and affected my rating). I had to step out during the PHEP quarterly report session.	6/30/2022 2:41 PM
6	Lots of just reading the information from the slides and every comment. Next steps weren't identified or questions	6/30/2022 2:35 PM
7	not a fan of hummus, no other options. fine for most people though	6/30/2022 12:38 PM
8	The ladies who did the kindergarten vaccine regs were slightly unorganized. Michelle did a great job presenting a large topic and answering questions. Intrigued to see how the PHEP work plan works online.	6/30/2022 12:07 PM
9	Need dessert, specifically, chocolate.	6/30/2022 11:38 AM
10	Food needs to be put out on time	6/30/2022 11:30 AM
11	none	6/30/2022 10:44 AM
12	see prior note	6/30/2022 10:29 AM
13	Thank you for all the efforts in organizing this meeting.	6/30/2022 10:20 AM
14	The room was freezing	6/30/2022 9:48 AM
15	I think the schedule could have been more full to really give a bang for the buck. There were a lot of longer breaks.	6/30/2022 8:46 AM
16	Things were too spaced out, too many breaks. If it would have been condensed, we would have finished much sooner.	6/30/2022 8:01 AM
17	The 3 topics for Day that I was able to attend offered relevant information and I really enjoyed hearing from Bruce and from Michelle. These two topics very well organized and presented, and offered food for thought for connectivity into a couple of things I am currently involved in and are needing some additional resource and options for further development. Thank you for the opportunity to attend KAHLD MYM!	6/30/2022 7:59 AM
18	The hotel was good and I appreciate it being within walking distance of places to eat and shop.	6/30/2022 7:52 AM

Q21 Did you attend (in whole or in part) Day 2 of the KALHD MYM: Wednesday, June 19, 2022?

| #	RESPONSES	DATE
1	Please ask Cristi to stop asking us if we were 'surprised' at many of the results of the State Formula Survey. A few times is okay, but it was a theme that just kept slowing the presentation down. QI session was okay, but more explanation that the exercise will have some 'twist and turns' would have helped many of us who are still reeling from too many 'injects' during COVID. The explanation might have gotten more individuals to buy into the exercise; rather than feeling we were reliving COVID at the local level.	7/7/2022 4:59 PM
2	I think the last presentation should've been presented earlier...I just didn't engage very well.	7/1/2022 5:06 PM
3	best day of the conference. more engaging and had a hands on fun activity I also enjoyed the board meeting.	7/1/2022 9:52 AM
4	The QI mindset was chaotic and somewhat fun in the chaos, but understanding the Plan-Do-Study-Act wasn't well portrayed. The connection wasn't fabulous and the presenters weren't well engaged in even making the connections between the activity and the learning objectives.	6/30/2022 4:00 PM
5	State Formula answers would have been more beneficial if it was grouped for Large Medium and small health departments. No discussion on how the state uses the data. The Workforce Grant application follow-up could have had the questions first and then went over the synopses of the information - Repeat of the evening before. Please consider not having QI activity after lunch on the last day, something lighter would of been nice. thanks Otherwise good conference, learned a few things, like extra time to network, was able to talk with other health departments administrators.	6/30/2022 2:47 PM
6	While the PDSA session was a fun activity, there was not much information presented.	6/30/2022 2:44 PM
7	great networking activity with the QI portion. Good to remember how little disruption actually affects the outcomes of projects.	6/30/2022 12:40 PM
8	The activity at the end was a fun challenge. It was great at getting the point across and is definitely how we function in public health a lot.	6/30/2022 12:09 PM
9	Need dessert, specifically, chocolate.	6/30/2022 11:39 AM
10	Still the food was not hot	6/30/2022 11:33 AM
11	I did not value the Qi training. The computer issues distracted from the presentation. The chaos of the activity left me thinking that if KDHE knows how this behavior sabotages outcomes why do they continue to take these actions in our real work. Vague directions, report changes , resource changes are very common when dealing with KDHE (I feel it important to say the people who make up kdhe are not to blame as they are only reacting to a system that creates this chaos).	6/30/2022 11:03 AM
12	none	6/30/2022 10:45 AM
13	Overall a good conference, could it be condensed into 2 days so do not have to be out of office so long ie decreasing break times etc.	6/30/2022 10:31 AM
14	Thank you for all the efforts put in to organize this event.	6/30/2022 10:21 AM
15	The room was freezing. I am a picky eater so the food was probably better than I rated it.	6/30/2022 9:49 AM

Q27 Review of the Overall Mid-Year Meeting (MYM)

Answered: 52   Skipped: 2
	STRONGLY AGREE	AGREE	DISAGREE	STRONGLY DISAGREE	TOTAL
Overall, I was satisfied with the 2022 KALHD MYM	61.54% 32	38.46% 20	0.00% 0	0.00% 0	52
The mix of topics presented was appropriate and relevant	63.46% 33	34.62% 18	1.92% 1	0.00% 0	52
Based on my overall experience with the MYM, I plan to attend next year	69.23% 36	28.85% 15	1.92% 1	0.00% 0	52
I would recommend MYM attendance to others	67.31% 35	32.69% 17	0.00% 0	0.00% 0	52
The meeting space was comfortable and adequate to meet the needs of attendees	46.15% 24	34.62% 18	17.31% 9	1.92% 1	52
The Holiday Inn Salina lodgings were comfortable and adequate to meet the needs of attendees (skip answering this question if you did not stay overnight at the hotel)	58.14% 25	39.53% 17	2.33% 1	0.00% 0	43

Q28 Several of this year's topics were pulled from suggestions after last year's MYM. What topics would you like us to consider including for the 2023 MYM?

Answered: 22   Skipped: 32

#	RESPONSES	DATE
1	I'd like to see more with storytelling...successes and challenges from peers. How they used it. That was a helpful day. Still provide State Formula summary.	7/7/2022 5:12 PM
2	Annual items that need to be completed by LHD Administrators, such as confidentiality agreements and so on.	7/5/2022 9:42 AM
3	It's very helpful to have presentations on the current events public health administrators encounter...it's hard to say right now. The workforce development grant information was very helpful and something those not attending didn't get to provide input.	7/1/2022 5:08 PM
4	Continue with mental health issues	7/1/2022 11:58 AM
5	sessions on procedures or day to day running of a health department, and sessions on legal and on HIPAA	7/1/2022 9:59 AM
6	Latest in Epi from KDHE, finding grants outside ATL, public health law	7/1/2022 9:28 AM
7	How to engage community for CHA/CHIP	6/30/2022 4:42 PM
8	Ways to increase revenue, billing, etc.	6/30/2022 3:10 PM
9	Presentation from counties that use different EHR vendors and what metrics they are able to pull for reports, how well the product collects daisey information or HIV info.	6/30/2022 2:58 PM
10	Given the high level of turnover, consider including sessions on Foundational Public Health Services/system modernization. (Some of that work might be done throughout the year.) Also, I think the new(er) administrators might benefit from sessions on PHAB (including the new Pathways Recognition Program). Other than that, there needs to be a mix of topics to help the new(er) administrators and staff get up to speed on basic topics.	6/30/2022 2:52 PM
11	Mental health/rising substance abuse	6/30/2022 2:02 PM
12	the power of positivity (lots of negative nancy's in parts of the room) How to understand policy	6/30/2022 12:12 PM
13	Maybe more ideas on we can improve communication with BOCC; maybe work with KAC on topics and ideas.	6/30/2022 11:42 AM
14	I would like to have a good presentation of public health law. What I mean is if a state lawyer can come and say their interpretations of current laws.	6/30/2022 11:29 AM
15	Maybe ways to manage staff. Hiring, firing, dealing with clashing personalities, ect.	6/30/2022 11:27 AM
16	none	6/30/2022 10:50 AM
17	Grant money spending ideas	6/30/2022 10:24 AM
18	What services are available to bring to our community. There are services I would like to offer but some probably need special training and being new I don't know what all is out there.	6/30/2022 9:54 AM
19	Grabbing interest from community and keeping them engaged in public health	6/30/2022 8:23 AM
20	More info on vaccines! I also really enjoyed listening to Bruce for KAC. Would love for him to come back again.	6/30/2022 8:00 AM
21	Review of successful projects completed using SPARK funds, workforce funds, ATL 2.0 funds.	6/30/2022 7:55 AM
22	How to search and find forms, paperwork needed for our administrative roles on KDHE website	6/30/2022 7:53 AM

#	RESPONSES	DATE
1	If returning to this space, the set up of room needs to be turned, so participants are facing the long side of room. It was TOO far and disengaging with it set up on the short side. Adding another screen on the long side will help with Power Points too. Why do people put so much information on those screens and think we can see it? Oh, I just remembered a comment I had - Commissioner survey response was fairly low...only 30 something of possibly 300+. We can't put too much faith into that data. Too many long breaks/lunch- especially Day 1. Second session presenters were there, but we got a longer break since first presenters ended early. People are more fresh in AM- grab that energy and keep going. Second presenters could have used the extra time with questions/activity...though as conference coordinator you don't know if they will need it. And long lunch then a 15 minute break added on..that was too long (1.5 hours) This was a more engaging MYM than I've been in awhile. We had ways to meet each other through the activities. Thanks to presenters for that.	7/7/2022 5:12 PM
2	No	7/5/2022 9:42 AM
3	This was by far one of the best MYM that has ever been held. Great job Dennis and Shelby.	7/1/2022 11:58 AM
4	I hadn't been to this meeting in years, nice to meet KDHE staff that we talk to almost daily sometimes. Fun seeing so many familiar faces, was good to catch up. Location was perfect, centrally located.	7/1/2022 9:59 AM
5	MYM was nicely done! Great job Dennis and Shelby!	7/1/2022 9:28 AM
6	Salina is a great place to have this meeting.	7/1/2022 9:14 AM
7	Leadership training?	6/30/2022 4:42 PM
8	This was my first conference with Public Health. I truly enjoyed these days! In my 26 years of conferences in health care, the MYM in public health is a the top of the list. A huge thank you to Dennis and his team for setting up a great conference!	6/30/2022 3:10 PM
9	I would like to have a round table or break out with Large, Medium, and small health departments to see what are the struggles and what is working well. Survey on how the InSight group met needs for Grant help and Data entry.	6/30/2022 2:58 PM
10	Dennis did a great job as "MC" for the conference. Thank you!	6/30/2022 2:52 PM
11	Great conference overall, but on the 2nd day, there was so much chatter during the business meeting that I could not hear some of the presenters.	6/30/2022 12:42 PM
12	Want to thank Dennis and Shelby for all their work. I think the holiday in was good, room was comfortable and affordable. Conference room was freezing in one part and warm in another (but.... that's how they all are) Visualization of screen was hard in the back. Overall had a great time and got to learn a lot.	6/30/2022 12:12 PM
13	Networking was really good. Time to network and talk was very helpful. Have a printed map of a LHD administrations and the counties would be helpful so we can put a name with a place.	6/30/2022 11:42 AM
14	The room was crowed and absolutely freezing. Bathroom floors and showers were so slick that people slipped and fell	6/30/2022 11:36 AM
15	Thanks for all your work	6/30/2022 11:29 AM
16	It was a long 3 days. If could be 2 days would be much better. Maybe a Tuesday Wednesday as we had to leave on a Sunday afternoon to attend the Monday morning meeting. I appreciate the CEU's and thank you for providing them. Overall the meeting was good and great to get back to in person meeting and networking. Thank you	6/30/2022 10:50 AM
17	Thank you for all the organization efforts into planning this event!	6/30/2022 10:24 AM

18	The QI program on the last day was not informative at all. I think they were trying to teach us how to be adaptable? Everyone in the room has already dealt with and overcome obstacles. I felt like we were being treated like kindergartners. I know the presenter did his best and was very friendly. Maybe it would have seemed better if it wasn't the last thing on the last day.	6/30/2022 9:54 AM
19	I commuted daily.	6/30/2022 9:47 AM
20	Meeting space was very tight. But, everyone did a great job with set up and trying to utilize the space to help participants have a good experience!	6/30/2022 8:00 AM
21	Great Conference	6/30/2022 8:00 AM
