## **Assistant Director Report September 21, 2022**

### **KIP Project Updates**

#### **1. IZ Provider Survey Results and Next Steps**

Earlier in the summer, KALHD partnered with the Kansas Hospital Association, Kansas Pharmacists Association, Kansas Chapter of Academy of Pediatrics, and Kansas Chapter of Family Physicians to learn more about where gaps exist in vaccination. Overall, the group received a good response with over 90% of providers having a good relationship with the other providers in their county. I've included the full results in my report. The group will be collecting more data from other organizations and KDHE and will also be developing communications guidance that will be available soon.
