

Assistant Director Report April 18, 2023

KIP Project Updates

1. Mid-Year Meeting Planning

I've begun working with the Kansas Immunization Program on developing a session for the MYM. This session will either be something different or a continuation of something presented at the immunization conference in June.

2. Vaccine Buying Group

Continuing to do research on options for a vaccine buying group. There are a couple of nationwide groups that might offer discount codes for LHDs. If you are interested in providing feedback, let me know.

3. Kindergarten Vaccination Data Dashboard

The kindergarten immunization coverage data dashboard is now available at KDHE's website. You can view data about vaccination coverage, exemptions, and view school district specific data. You can find the dashboard here: [Kindergarten Immunization Data | KDHE, KS](#)
