

WE'RE

HIRING

WE WANT YOU !!

PUBLIC HEALTH PROJECT SPECIALIST

If you are passionate about public health and ready to make a meaningful impact across Kansas communities, we want to hear from you! This position offers the opportunity to work on impactful initiatives that improve the health and quality of life of Kansans while helping shape the future of public health in Kansas.

The ideal candidate is highly organized, adaptable, and able to manage multiple projects, timelines, budgets, and deliverables simultaneously. Strong communication and relationship-building skills are essential, along with the ability to facilitate collaboration, engage diverse partners, and support effective project implementation. Take on the challenge of benefiting our community partners & showcase your ability to thrive in diverse projects. Perseverance, adaptability & analytical skills are crucial for success.

Our team, culture & vibes: We believe strong public health system promote & protect the health of all people & their communities. Self-Paced Innovation, adaptive approaches, high accountability, & versatile roles. Our work looks like- coaching leaders to ensure technical proficiency and adaptability; empower the system to learn and respond to changes; providing tailored coalition-building support and strategic planning.

If your passion lies in this realm, you want to work hard & see the direct impact in your community from the hard work you do, **apply today!**
